

# TENDILAX ANTIPHLOGISTIC

## Paste for topical use

TENDILAX ANTIPHLOGISTIC is a product for external use only, designed to be applied locally on the limbs of the competition horse.

### Properties

TENDILAX ANTIPHLOGISTIC is a soothing and calming poultice with anti-inflammatory, analgesic and drawing properties.

### Uses

- Benign muscular and tendinous problems
- Abscesses
- Oedemas
- Various lymph node inflammations

### Contains

Kaolin	55%	Excipient	70%
Eucalyptus Oil extract	0.01%		

### Instructions for use

Apply generously over the painful areas.

Cover with paper or plastic film.

Secure the poultice in place using an adhesive band (EQUIWRAP or SUPERFLEX).

### Precaution

Reheat the paste using a bain-marie (double boiler) or a microwave oven.

**WARNING: AFTER HEATING, STIR THE PASTE IN ORDER TO EQUALISE THE TEMPERATURE. TO AVOID BURNING THE HORSE, CHECK THE TEMPERATURE OF THE PASTE BEFORE APPLICATION TO THE HORSE'S SKIN.**

### Conservation

Use by 24 months after the date of manufacture. Store the pot at less than 25° C.
